

Candidate Statement for John Stein

John Stein has been a member of UNCLE Credit Union's Board for over 10 years. He is currently employed by Mantech International in Sunol where he has been a scientist/engineer for the past year.

John designs builds and trouble shoots analytical instruments. He also operates them and collects and, using a strong background in mathematics and statistics, analyses and interprets the data.

Mr. Stein received his bachelor's degree in Engineering from New York University as well as a master's and PhD in Nuclear Engineering from Rensselaer Polytechnic Institute.

Mr. Stein has lived in Livermore for the last fifty-two years. Aside from volunteering his time to benefit various charities, he has served as Livermore City Councilman and Planning Commissioner as well as treasurer for his congregation.

John believes that he can continue to faithfully serve and perform his duties as a Director of the Board due to his years of experience on the UNCLE Board and Supervisory committee, handling his own investment portfolio, as well as being an established member of UNCLE Credit Union, an active citizen of the community, and having served as a member and chair of government committees and commissions.
