

Candidate Statement

Neda Gray has been a member of Uncle Credit Union for more than 25 years. She is a retiree of Lawrence Livermore National Laboratory (LLNL) in Livermore, CA. Her previous work life involved coordinating with the staff of the Chief Financial Officer and Human Resources organizations for cyber security audits in the financial and information technology areas. She also worked with legal counsel to accurately interpret regulations and contractual agreements to understand legal requirements for adequate protection of personally identifiable information. She conducted assessments both internally and externally on a regular basis. As a retiree, she enjoys reading, spending time with her grandkids, and seeks to become more involved in community improvement activities.

Neda has served as the chair of UNCLE's Audit Committee during fiscal years 2018 – 2020. She has also served as vice chair of the UNCLE Board of Directors during the 2022 and 2023 fiscal years. Serving in this capacity has given me in depth knowledge of the internal operations of the Credit Union.

Neda holds an MBA from California State University, East Bay, with a concentration in Information Systems. She holds an undergraduate degree in Mathematics and Computer Science from Grambling State University in Grambling, Louisiana. She is also a Certified Credit Union Board volunteer.

Neda believes she can faithfully serve and perform the duties as a valued UNCLE Board member. Her years of experience in the areas of audit and assessment, policy and procedure development, and computer security training will bring knowledge, experience, and a variety of skills to the Board. She kindly asks for your vote and support in making UNCLE Credit Union the best credit union in the East Bay for years to come.
